“Dr Le Prevost is a brilliant and dedicated Consultant Paediatrician. Nothing is too much trouble to help ensure the safest and most effective care is being delivered to these children, when they need it the most. I’ve pestered more times than I can count about medication issues through the pandemic (be it dose changes or the dreaded supply problems!) and it’s never been to much trouble for Dr Nick to help resolve. With many of these children not attending school it’s been harder to resolve problems not seeing them face to face, but Dr Nick’s amazing communication has kept it all running as smoothly as we could have hoped (given the circumstances!). We, as a Trust, are really lucky to have Dr Nick leading on children with complex health needs. Thanks for everything Dr Nick!”

It’s been an uncertain time for many but the reassurance from the open and continued communications has been brilliant. Thanks Luke, we are lucky to have you heading up our team!”

Throughout the pandemic Alice has consistently stayed in touch with the children and families across her caseload to ensure they have everything they need, and to assist where she can if they haven't. The children who attend Mary Rose (and their families) are so lucky to have a nurse like Alice on the case.
